

ARJUN IYER

Bengaluru, Karnataka | +91 95XXXXXX72 | arjun.iyer.frontend@example.com | linkedin.com/in/arjuniyer

PROFESSIONAL SUMMARY

Frontend Developer with 4 years of experience building responsive web applications using React, JavaScript and modern UI libraries. Strong experience in component architecture, state management, API integration and frontend performance. Backend Python development is limited to basic API consumption and scripting.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks & APIs: React, Redux Toolkit, Next.js, Bootstrap, Tailwind CSS

Databases & Cloud: REST APIs, Firebase, PostgreSQL (basic)

Tools: Git, GitHub, Jest, Cypress, Figma, Jira

PROFESSIONAL EXPERIENCE

Senior Frontend Developer — PixelCraft Digital | Mar 2023 – Present

- Developed reusable React components and responsive dashboards for enterprise customers.
- Implemented Redux Toolkit state management and integrated REST APIs for real-time business workflows.
- Improved frontend load performance by approximately 28% through code splitting and asset optimization.
- Created automated unit and end-to-end tests using Jest and Cypress.

Frontend Developer — WebSphere Studio | Jun 2021 – Feb 2023

- Built responsive web pages using React, JavaScript, HTML and CSS.
- Integrated backend REST APIs and implemented authentication and form validation.
- Collaborated with designers, backend developers and QA engineers in Agile teams.

PROJECTS

Operations Dashboard

Built a React dashboard for operational KPIs with reusable charts, filters, authentication and API integration.

Technologies: React, Redux Toolkit, JavaScript, REST APIs, CSS

E-commerce Web Application

Developed responsive product listing, cart and checkout interfaces with reusable components.

Technologies: React, Next.js, TypeScript, Tailwind CSS

EDUCATION

B.E. in Computer Science and Engineering — Visvesvaraya Technological University | 2017 – 2021

CERTIFICATIONS

- Meta Front-End Developer Professional Certificate – 2023
- JavaScript Algorithms and Data Structures – 2022
